

## GETTING INTO A SURGEON'S BRAIN. WHY I BELIEVE IN GOD?

Science. Medicine. Life and Death situations. Surgeons seem to live in a secret world, hidden in the operating room. Today we'll a surgeon to take off his mask and discuss some tough questions about life, the universe, and everything.

**Q: Welcome. Dr. Chuck, you believe in God, tell us why?**

**Q: What's the danger of trusting in ourselves? Isn't that all we have?**

**Q: If trusting in ourselves isn't the answer, what do we do?**

**Q: How does your belief in God affect how you practice surgery?**

**Q: Other than a moral law what other evidence do you find for God?**

**Q: Explain why everyone seems to have a different absolute? Just tune in to any talk show and you'll see people fighting over issues. Can both opinions be true?**

**Q: Tell us about how absolutes affect your practice of surgery?**

**Q: But Doctor, you're a scientist. Aren't you contradicting yourself?**

**Q: There are many who say science and God are incompatible. How would you answer them?**

**Q: Can you give some specifics about what you mean?**

**Q. Dr. Chuck, how can people connect with you?**

A: Check out [spoonfulofcourage.com](http://spoonfulofcourage.com). There, we have lots of free resources to encourage you. You can sign up for updates by texting spoonful to 66866. We have devotions, videos, and interviews with experts. Check out our videos which discuss why thinking people believe in God or the 4 free videos which discuss the three levels of thinking in equation form.

**Host can offer free ebook: <https://books2read.com/u/b5wqXO>**

**Free download of videos discussing equation book: [AUDIOBOOK OR FREE VIDEOS \(geni.us\)](http://audiobookorfreevideos.geni.us)**

**Or videos over reasons why thinking people believe in God: [Irreducible Complexity \(oppyo.co\)](http://irreduciblecomplexity.oppyo.co)**
